

## How to Clear Cache/Cookies in Google Chrome

1. Click on “sandwich bar” in upper right hand corner of screen.

2. Select “Settings” from the drop down menu.

3. Select “Show advanced settings...” from the bottom of the screen. **\*Note** you may need to scroll down in order to see this.

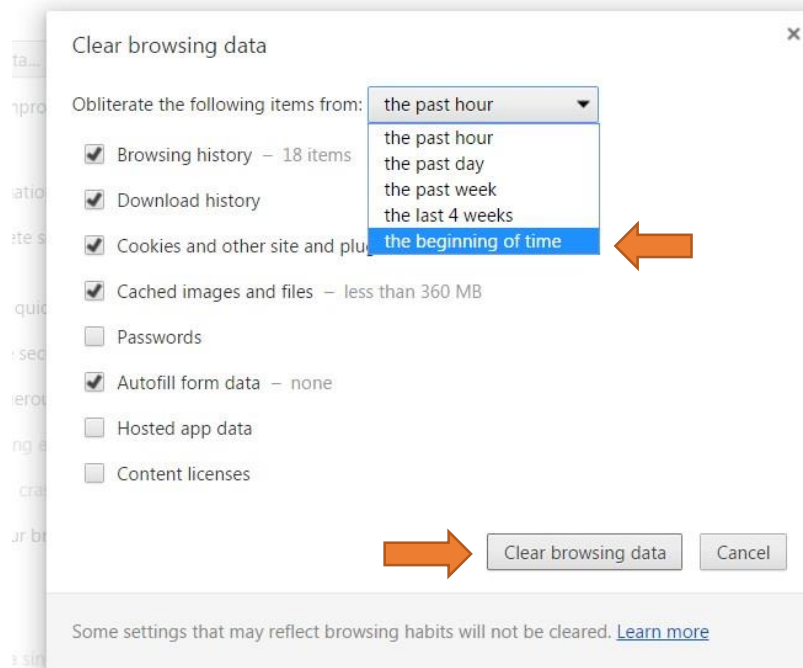

4. Select "Clear browsing data" from the Privacy section.

## Privacy

Google Chrome may use web services to improve your browsing experience. You may optionally disable these services. [Learn more](#)

5. Select "the beginning of time" for time period and verify the below boxes are checked. Then click "Clear browsing data."

6. The above box will close. It is recommended to close your browser and open a new one.
